

STATE OF TENNESSEE
COUNTY OF GREENE

GREENE COUNTY LEGISLATIVE BODY
APRIL 16, 2018
6:25 P.M.

The Greene County Legislative Body was in regular session on April 16, 2018 at 6:25 P.M. in the Greene County Courthouse. The meeting started at 6:25 P.M. due to the called meeting of the Commissioners and the Insurance Committee at 5:00 P.M. in the Wexler Courtroom.

Mayor Crum called the meeting to order to transact business that is lawfully come before the Honorable Body. Commissioner Brad Peters gave the invocation. Commissioner Josh Kesterson led the Pledge to the Flag.

Mayor called the Commissioners to sign in on their keypads and the following Commissioners were present. Commissioners Arrowood, Burkey, Carpenter, Clemmer, Cobble, Collins, Jennings, Kesterson, McAmis, Neas, Parton, Patterson, Peters, Quillen, Randolph, Tucker, Waddell, Waddle, and White voted yes. Commissioners Miller and Shelton were absent. There were 19 Commissioners present and 2 Commissioners absent.

PUBLIC HEARING

- Judy Sexton spoke to the Commissioners in regards to hiring SRO officers and the School Consolidation. She stated that the County did not need an SRO officer in every school. Although, she said the children could be protected by installing metal detectors in all schools.
She asked the Commissioners to vote against the School Consolidation in which she said Greene County citizens could not afford another property increase.
- Joel Hausser invited the County Commissioners, the Greene County Mayor, and the Greene County Clerk to the Rural Resources Ribbon Cutting Ceremony for the new Farm and Food Education Center next Monday, April 23rd at 11:30 at 2870 Holly Creek Road.

Mr. Hausser stated that all of the mayoral candidates believe in finding funds, possibly through taxes, to maintain the convenience centers. But only two mentioned addressing the 3.6 million tax dollars being used to bury our waste. Will the next mayor promote recycling?

He said I would like to comment about something that I witnessed after the last Commission meeting. A man was crossing the area in front of the Courthouse when another man walked up to him and sticking his finger in the other's face, asked "Where are you from?" The man answered. The other man with his finger still waving in the man's face said, "You retire here from some other place with higher taxes because the taxes are lower, and then you want to raise them. It's people like you giving us trouble and I will do everything I can to get rid of you." The other man raised both hands and said, "There is no sense in talking to you" The second man dropped his finger and said to the others watching, "I show him. and walked off.

Now, I do not condone bullying or intimidation. But I agree with the first man, saying anything would have only escalated the foolishness of the situation. Much can be said about a bully's character, self-esteem, reasoning, and mental well-being.

Commissioner Jennings asked that the information in which Joel Hausser had stated concening what he had witnessed after the last Commission meeting be entered into the Commission minutes. Commissioner Jennings stated that the information was not true.

- Commissioner Parton called Marie Collins in which she presented a petition asking for a county-wide referendum on the school consolidation.

She read a brief statement during the public hearing:

“We, the people of Greene County, who are against the proposed county consolidation, do hereby request that the County Commission establish a referendum allowing all registered voters of Greene County the opportunity to vote for or against this most important issue.” she said, “We hereby present to you a petition signed by approximately 2,609 registered voters, request that you, our elected County Commissioners, place on the ballot a referendum directed at this important issue.”

Marie Collins said the group opposing the plan would not stop getting signatures. In more than 448 signatures she had collected herself, only three people she approached were for consolidation and approximately 20 were undecided or did not know enough about it. The petitions were given to County Clerk Lori Bryant to be documented.

County Attorney Roger Woolsey explained while the state can hold an advisory referendum, County Governments cannot except in express cases where authorized by State statues. Consolidation is one of those situations approved by the state, according to County Attorney Roger Woolsey, but it’s never been done before. He said he had asked two sources, if there has been a referendum about school consolidation in the State of Tennessee, and nobody can find a record there has been.

- Neas called on Claudia Leonard stated, “ that it is my understanding that Mayor Crum has authority to spend up to \$10,000 dollars on items he deems necessary on County business. Mrs. Leonard stated that in April 2016, “Mayor Crum hired Ellen Tullock, a paralegal to document all the comings and goings of the employees in the Clerk and Master’s office. She wanted to know her job description and how much she was paid. Mayor Crum stated that he did not hire Ellen Tullock that the County Commission voted to hire the Law Firm, in which Ellen Tullock worked at the Law Firm.

Commissioner Meeting 4/16/2018

I would like to invite all of you to the Rural Resources Ribbon Cutting Ceremony for the new Farm and Food Education Center next Monday, April 23rd at 11:30. 2870 Holly Creek Road. RSVP at 636-8171 and lunch is provided.

All of the mayoral candidates believe in finding funds, possibly through taxes, to maintain the convenience centers. But only two mentioned addressing the 3.6 million tax dollars being used to bury our waste. Will the next mayor promote recycling?

A new study warns the fast-growing South region must invest more in public schools and higher education to ensure its homegrown talent shares in its economic prosperity. While failing to invest in schools, the region relies heavily in the influx of newcomers with college degrees to fill higher-paying jobs. Social and economic divisions will grow if efforts aren't made to educate members of the distressed populations so that they can compete for the best jobs.

Teachers are walking out and demanding pay raises in other locations. Greene County teachers are paid \$11,000.00 less per year than Greeneville teachers. Greeneville is ranked No 1., while Greene County is ranked No. 104. in Tennessee. Greeneville City Schools ranked 6th in the nation for its innovative uses of technology by the Center for Digital Education's Digital School Districts Survey Awards. Where does Greene County stand?

One comment about school consolidation, I have no preference for or against. It appears that when a proposal is made, several people feel intimidated by the action not being their idea, so they oppose it. The sad part is there are NO other proposals as if this is the only way. There are comments about teacher pay and long bus drives, but No thought out all inclusive alternatives presented. If consolidation is dropped, the present dwindling of students and funding is a downhill issue which will have to be handled down the road when the crisis is worse. How far down the road do you kick the can before you have to pick it up?

I would like to comment about something that I witnessed after the last commissioner meeting. A man was crossing the area in front of the court house when another man walked up to him and sticking his finger in the other's face, asked "Where are you from?" The man answered. The other man with his finger still waving in the man's face said, "You retire here from some other place with higher taxes because the taxes are lower, and then you want to raise them. It's people like you giving us trouble and I will do everything I can to get rid of you." The other man raised both hands and said, "There is no sense in talking to you." The second man dropped his finger and said to the others watching, "I showed him", and walked off

Now, I do not condone bullying or intimidation. But I agree with the first man, saying anything would have only escalated the foolishness of the situation. Much can be said about a bully's character, self esteem, reasoning, and mental well being.

HOWEVER, the Rabbi of my faith asks me to show love, kindness, and care for my fellow man, NOT bitterness, hate, and scorn. I can only feel sadness at his actions and will continue to look for the good in people.

With that, Plant Wildflowers!

Tourism

Tourism Promotes Greeneville

Tourism is excited to announce a new addition to their marketing efforts. Along with the 4x9 brochure that will be printed in a quantity of 50,000, Tourism is also creating a magazine style piece that will complement the brochure in a quantity of 10,000. Several advertising packages are now available. If you are interested in driving more traffic to your doorstep, contact Tammy Kinser for more information. Packages begin as low as \$850 for a quarter panel in the brochure alone up to the platinum package that includes the inside cover two-panel spread in both publications, a large locator map ad and a 360 world article in the magazine for only \$3,900. For all that are Partnership members, Tourism is offering a \$200 discount off of selected packages.

NJCA DIII World Series

Tourism's Sports Council is working tirelessly on the 2018 National Junior College Athletic Association's DIII World Series that will take place May 25-30 at Pioneer Park. More than 300 players as well as coaches, trainers, families and fans will descend upon our community for five days. The Council is currently recruiting sponsors for this event. If you are interested in volunteering to work the event, would like to sponsor the event or would like to purchase advanced tickets, please contact Tammy Kinser or Scott Bullington.

Hospitality Training

Tourism's Advisory Task Force and member Dollie Boyd held the first of many Hospitality Training meetings at Fatz Cafe' on Sunday, March 4. The program is designed to educate and inform frontline employees on all that there is to do and see in our community. This information will not only increase visitation to our historic sites, cultural arts venues, etc., but can also increase tourism expenditures by increasing tips to servers which in turn increases the dollars spent in our community on services and goods. If your place of business is interested in participating in this 10-15 minute class, please contact Tammy Kinser at tkinser@greenecop.com or Dollie Boyd at dboyd@tusculum.edu.

Spring Social

In celebration of regional tourism, the Northeast Tennessee Tourism Association and the Tourism Department of the Partnership teamed up for a "Spring Social" that was held on Tuesday, March 13 at the General Morgan Inn and Conference Center from 3-5 p.m. More than 50 local elected officials, tourism professionals locally and regionally and representatives from local attractions were in attendance. The program consisted of local tourism updates such as what is new and upcoming for 2018 as well as an update and report from Alicia Phelps, Executive Director of NETTA. A special thanks goes out

to The General Morgan Inn for hosting the event as well as Goodwater Vineyards and Old Oak Taproom for supplying free samples of their product during the event. Tourism is currently planning a fall event similar to the social. If you would like to support tourism and its efforts by being a member of the Tourism Advisory Task Force, please contact Tammy Kinser or chairman Kathy Knight.

Greene County School Board and County Commission Workshop
Monday, March 26 6pm Greene Center Hal Henard Road

Agenda

- Welcome and Introductions Mayor Crum
- Tracy Richter Cooperative Strategies.
Mr. Richter will provide an overview of the process that was followed with the resulting recommendation to Greene County School Board.
- David McClain Director of Greene County Schools will provide information as to the School Board recommendation.
- David Crum will present questions to Mr. Richter, Mr. McClain or others as directed to facilitate answers to Commissioners regarding recommendations that will be presented.

Guidelines:

This is a public meeting and not a public hearing. That means the public will not be asking questions from the floor. This workshop is to help provide answers to the Commissioners and the public as the media will provide coverage. Answers will be disseminated via public information.

The Commissioners are requested to send their questions to the Mayor's office davidcrummayor@greencountyngov.com or kimhinson@greencountyngov.com or call 423-798-1766 prior to noon Monday to facilitate consolidation of questions.

The following are some sample questions:

- If a consolidated high school is built, in a location at present unknown but let's assume at a central location, how will that impact bus pick up and drop off for students?
- At an estimated cost of \$90 million how will that be funded and what will be the impact upon the tax rate for the county?
- Will the technology center be built on that site and is the cost for that construction included in overall cost?

It is recommended you submit your questions in advance to insure that answers can clearly be prepared and presented. Also this will help with time management.

If your questions are not submitted you will have an opportunity to ask at the meeting. Remember we are meeting to ask and answer questions not to debate the decision for funding or consolidation.

Why Do We Need a Facilities Plan?

- ▶ Enrollment is Declining in Greene County Schools
- ▶ As student numbers fall, making diverse course offerings available to all students becomes more expensive. We have lost 830 students since 2007-2008. Going from 7268 down to 6438 in 2017-2018.
- ▶ Greene County Schools are expected to lose \$22.5M in BEP funding over the next 8 years. Due to a projected loss of another 633 students going from present day 6438 down to 5805 in 2026-2027.

Declining Enrollment is not only hurting Greene County Schools.

Personnel cost of present day k-8 compared to proposed k-8 schools.

- ▶ Present day Personnel cost of having nine k-8, two k-5, and one 6-8 is a yearly personnel cost of \$18,900,000.
- ▶ Going to the proposed eight k-5 and four 6-8 is a yearly personnel cost of \$17,700,000.
- ▶ That's a reduction of 20 teachers at the k-8 level going from 315 teachers down to 295.
- ▶ A potential yearly savings of 1.2 million.

What does the proposed plan provide to HS students?

- ▶ Courses Currently Offered at GTC that could be offered on-site at new, consolidated HS
 - ▶ 10 Advanced Manufacturing Courses
 - ▶ 4 Culinary Arts Courses
 - ▶ 10 Health Science Courses
 - ▶ 4 Human Services Courses
 - ▶ 4 Information Technology Courses
 - ▶ 3 Law, Public Safety Courses
 - ▶ 8 STEM/Robotics Courses
 - ▶ 8 Automobile Maintenance/Repair Courses

How many courses could be offered in addition to those currently available to HS Students?

- ▶ More offerings in all categories of courses including CTE and AP Courses
 - ▶ CDHS – 61 Additional Courses (10 AP & 28 CTE)
 - ▶ NGHS – 65 Additional Courses (11 AP & 33 CTE)
 - ▶ SGHS – 86 Additional Courses (10 AP & 37 CTE)
 - ▶ WGHS – 71 Additional Courses (13 AP & 34 CTE)

Effects on Staffing at the High School level.

- ▶ Today, we have 160 teachers in 4 high schools and the GTC
- ▶ Proposed consolidated HS would require 145 teachers to offer all courses previously discussed.
- ▶ That's a total reduction of 15 teachers for a yearly savings of \$684,000. 70% for 12 teachers and 100% on 3 teachers.

Leaving schools formatted as they are today

- ▶ Over the next 10 years
 - ▶ A potential personnel savings of over \$18 Million cannot be overlooked
- ▶ Costly building maintenance will have to be performed on aging equipment

Why not just add new programming to existing high schools?

- In order to add less than 1/2 of the proposed courses to the 4 high schools, it would be necessary to add both classroom space and personnel

Summary

GREENEVILLE GREENE COUNTY AIRPORT AUTHORITY 26 March 2018 REGULAR MEETING 0900 AM - BOARD ROOM AT THE TOWN OF GREENEVILLE

The GGCAA met in Regular Session at the appointed time and place. Authority signed in attendees included Vice Chair John Carter, Paul Burkey, Timer White, and John Waddle. Chair Janet Malone, Mr. Carter and Mr. White had resigned on 21 March. Mr. Carter and Mr. White agreed to stay on to facilitate the turnover of the Airport to the new Greeneville Municipal Airport Authority once it is chartered and in place. Greeneville City Mayor Daniels, Greene County Mayor Crum, and GGCAA Attorney Ron Woods were also in attendance.

1. CALL TO ORDER Vice Chair Carter
2. INVOCATION Mr. Carter
3. PLEDGE led by Mr. Burkey
4. VICE CHAIRMAN'S COMMENTS:
 - a. Mr. Carter reviewed the recent selection of the new Greeneville Municipal Airport Authority Board Members and acknowledged the capabilities of each of them.
 - b. He also commented on how the selection was reported and the lack of coordination with the GGCAA, indicating it left the impression that the current Board had been summarily dismissed. Both Mayors indicated in subsequent comments that there should have been better coordination but there was no intent to impugn the sitting Board in any way.
5. NEW BUSINESS
 - a. Mr. Waddle had prepared and entered a motion to dissolve the GGCAA Airport Authority. Mr. Burkey seconded the motion. The Board, assisted by Mr. Woods, adjusted the language for precision and legality to arrive at the following language:

Whereas the Town of Greeneville, on Tuesday the 20th day of March 2018, voted to establish a Municipal Airport Authority and has appointed a Municipal Airport Authority Board to accept the responsibility of operating the Municipal Airport, I make a motion that this Greeneville/Greene County Airport Authority be dissolved and that Greene County's interest in the Greeneville/Greene County Airport, all real property, buildings, equipment, and all other assets, as well as the responsibility for any debt, obligation, or liability of Greene County and/or the Greeneville/Greene County Airport Authority be transferred to the Town of Greeneville and the Municipal Airport Authority Board, as established by the Town of Greeneville on Tuesday the 20th day of March 2018 and as authorized as authorized by the Greene County Commission by resolution dated October 16, 2017, provided that the Town of Greeneville agrees to indemnify, to the extent allowed by law, Greene County, the Greeneville/Greene County Airport Authority, and individual members of the Greene County Commission and the Greeneville/Greene County Airport Authority from all obligations, debts or liabilities of any kind or nature and hold harmless Greene County, the Greeneville/Greene County Airport Authority, and individual members of the Greene County Commission and the Greeneville/Greene County Airport Authority from any other expenses and costs associated with the Greeneville/Greene County Airport and the Greeneville/Greene County Airport Authority Board.

Vote for approval was unanimous. (4-0)

- b. At the recommendation of Mr. Woods, Mr. Waddle made a motion to authorize Mr. Carter to negotiate and sign any documents necessary to execute the transfers described in the previous motion. Mr. White seconded the motion. Mr. Carter agreed to take on these duties. Vote for approval was unanimous (4-0).
- c. Mr. Burkey made the motion to appoint Mr. Waddle to serve as point of contact for day-to-day operations, working with Carol Susong, Town Recorder, and Mayor Daniels to pay bills and other caretaker actions until the Municipal Airport Charter is finalized. Mr. White seconded the motion. Mr. Waddle agreed to take on these duties. Vote for approval was unanimous (4-0).

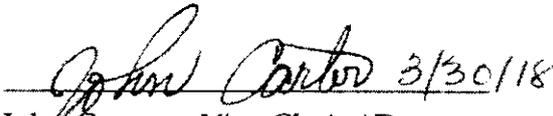

6. FINANCE RELATED ITEMS

- a. Financial Statement for February 2017. Discussed the current status. Available cash is \$19,772.63, which is not enough to perform the several repairs currently needed at the Airport. The Sky Night lease for the Airport Complex Building has not been completed but that should provide better cash flow once it is in place. The City and County provided funds to cover the 1 March interest payment on our bonds.
- b. After review, Mr. Waddle made a motion to accept. Mr. White seconded. Vote for approval was unanimous.

7. GROUP REPORTS

- a. Greeneville Aviation Services (FBO): All T-hangars are full with 30-40 potential tenants on the waiting list.
- b. Civil Air Patrol (CAP) – Bill Onkst reported the CAP has 18 adults and 13 cadets. He thanked the Board for its assistance over the years.
- c. Greeneville Air Association (GAA) – Nothing to report.
- d. AOPA – Joel Hauser reported we should still be concerned about ATC privatization. It is on hold for now but is not dead.
- e. Experimental Aircraft Association (EAA) – Nothing to report officially but members present mentioned the planned Young Eagle events on 5 May and encouraged everyone to participate in the program with the antique Ford Tri-Motor, which will be at the Airport 3-6 May.
- f. Jump Tennessee – indicated they are busy. They have three new candidates to be instructors. Mayor Daniels thanked them for the precision landing they made with the flag during pre-game ceremonies for one of the GHS football games at Burley stadium.

8. ADJOURN. The next regular meeting is tentatively scheduled for 0900 on Monday, 30 April at City Hall, if there is business to conduct.

IV. FINANCIAL REPORT

THE JANUARY 2018 FINANCIAL REPORT WAS APPROVED INTO RECORD AS SUBMITTED. The motion to approve was made by John Carter and seconded by Timer White. All votes were cast in favor with none opposed, the motion carried.

V. CHAIRMAN'S COMMENTS WERE AS FOLLOWS:

- 1. Condolences for Paul Burley's family whose Mother-In-Law passed away.
- 2. Approaches for Runway 5
 - a. Tennessee is a Block Grant State which means that all airports are managed by the Tennessee Department of Aeronautics as an intermediary with the FAA. All the states, carriers, and airports I have worked with in my career were not Block Grant States and we (airports, carriers, etc) dealt directly with the FAA. This mean that all our projects, from conception, funding, design, construction, and finalization are managed by the state. When a project is designed, it must be approved by the regulatory entity before funding is approved and before construction can begin. This means, as in the case of our runways, any changes in threshold relocation and/or elevation changes are approved before funding is approved. However, being a General Aviation Airport, the FAA will not schedule a Flight Check or change any arrival or departure charts until the project is totally completed. This is done because many General Aviation Airports run out of funding before projects are completed. This measure only applies to GA

airports and not the Air Carrier (Commercial) Airports. My understanding is the FAA needs additional time to input the data changes required to publish the approaches: The approaches are to be published in September of this year. While a circle to land approach on runway 5 is not the best of approaches, this is the only approach available until further notice.

3. Airport Complex Building (Former Forward Air Building) Status:

a. As the board is aware, the Authority advertised the 3-story building and 2 hangar bays for lease last year. One bid was received from Sky Night Aviation for \$7000 per month with the condition that certain maintenance issues be repaired. At the time the bid was submitted, the maintenance items to be repaired had inadvertently been left out of the bid package. After having discussions with Skynight personnel, the list of items to be repaired were submitted as outlined below:

- HVAC SYSTEMS – REPAIR OR REPLACE
- ROOF – REPAIR OR REPLACE
- HANGAR DOORS – REPAIR OR REPLACE
- GLIDE TRACKS OF HANGAR DOORS – REPAIR OR REPLACE
- DRAINAGE ISSUE IN FRONT OF HANGAR DOORS AND SIDE OF HANGAR – REPAIR OR RE-DESIGN
- OFFICE BUILDING COMPLEX EXTERIOR – REPAINT
- SECURITY GATE AT REAR OF BUILDING - REPLACE
- AT SUCH POINT THE OFFICE AND HANGARS ARE NEAR EMPLOYABLE CAPACITY LIMITS, THE PARKING LOT WILL NEED TO BE REDESIGNED TO HANDLE THE APPROPRIATE NUMBER OF EMPLOYEES THAT WILL BE WORKING AT THE FACILITY.
- METAL STAIRCASES AT THE REAR OF THE BUILDING ARE IN NEED OF REPAIR AND REDESIGN DUE TO EMPLOYEE SAFETY WHILE TRANS VERSING THIS ENTRY
- CRACKS IN THE HANGAR FLOOR
- POSSIBLE ISSUES WITH ADA COMPLIANCE ON ENTRIES

This list of repairs would easily amount to \$400K-\$500K of which the Authority does not have access too. After further discussion, Skynight has agreed to lease the building without the repairs being made prior to occupying the building except for painting the exterior of the building which would cost approximately \$18-\$20K dollars. Skynight has also agreed to prepay the first year's lease at the time of signing at a total rate of \$77,000, which is equivalent to 11 months lease for the 12-month initial period. The lease is currently being reviewed by Sky Night's legal counsel.

4. Malone Brothers/Austin Company Hangar

- a. The hangars are being evaluated for required repairs before the hangars can be advertised for lease. Multiple maintenance issues exist within the hangars and the cost are not yet known, but the amount is expected to be extensive.

5. Bond Payment

- a. As recently approved by the Board of Mayor and Alderman of the Town of Greeneville, the \$20,000-dollar deficit of the Airport for the March Bond payment will be paid by the Town. At such time prepayment of the Skynight lease is completed, the Airport will reimburse the Town for the \$20,000 from the proceeds.

6. Med Trans Building Status

- a. As publicized a few months ago in the Greeneville Sun, discussions were being had between the Town of Greeneville and Med Trans regarding the purchase of the Med Trans facility. The Authority is not involved in this transaction as there are no Airport funds available to the Town for assistance in any type of purchase. This building would belong to the Town of Greeneville and it is in the best interest of the Airport for this building to be purchased by the local government or a local entity that is familiar with airport operations. Any announcements will be made as they are available to the board.

7. Airport Authority Dissolution

- a. TCA requires that the current Authority be dissolved because the Joint Venture between the County and City is being terminated: If the City so desires to have an Authority, they are required to form the Authority per TCA. The current Authority does not have any involvement in either the dissolution, recreation, application, etc. of a new Authority. Questions need to be directed to the Town of Greeneville.

8. Revenue Producing Projects such as T Hangars, Corporate Hangars, etc.

- a. Until all safety, operational, or rehabilitation projects are completed to bring the airport into compliance with FAA standards, grant funding will not be available will not be available for airports for revenue producing projects.

After much discussion regarding the low funding level available and what bills we must pay, the board made a motion for Chairman to approach both local governments to ask for continued assistance to pay

operating expenses for the next 60 days. Motion was made by David White and seconded by John Carter.

The meeting then adjourned.
