- I. A Resolution authorizing the Greene County Sheriff's Department to donate a used Skid-Steer Loader to the Greene County Wood Ministry. Motion to approve Resolution I was made by Commissioner Patterson and seconded by Commissioner Tucker. Vote was approved unanimously.**

Solid Waste Jim Greene said that the front loader purchased for recycling would arrive in two to three weeks instead of December. Due to the increase in steel, the containers had gone up by \$65 per container. The truck body had a 4 & 1/2 percent increase. The chassis would increase after July. He has not seen any bids under the \$100,000 figure mark to purchase a used front loader, and by the end of year, a new one would increase by \$30,000 or 40,000. Budget Director Lowery said if the \$100,000 that was approved by the County Commission in the Sanitation Budget in April could be used to go toward a new front loader along with removing the proposed amount for the 2019 budget and adding into this year's budget, a new front loaded could be purchased. Mr. Greene said that the total cost should be around \$247,022. Commissioner Patterson agreed that a new one was the best choice. Motion to approve this resolution was made by Commissioner Patterson and seconded by Commissioner Peters. Vote was approved unanimously. All –

I will be unable to join you for tomorrow's meeting b/c of an awards banquet that my graduating Senior is to receive some award for serving as Class President. However, I would like to have a few things brought up and discussed:

- 1) The status of managing the range for the public use and process of checking in;
- 2) The process for scheduling groups to use the different venues and classroom;
- 3) Which areas can be used independently and not affect the use of another venue;
- 4) Current use and cleaning-up after use.

I was at the site on 4/18/2018 and there was a large amount of brass and target debris left on the "old" pistol range. It appears that the current use of the range is not being picked up after and would most likely be from exclusive use by either Law Enforcement or Handgun carry classes.

I would like to have the minutes that follow the meeting tomorrow and will address anything I need to relating to TWRA.

15614

Tommy,

Todd Smith and I have had some discussion and starting to work on agreements, job descriptions and policy for range.

1) we discussed town administrator, county mayor and public appointment to be three person operations committee with decision making authority and have an oversight committee similar to what we have to try and promote the range. Within the policy would be range master to oversee and be responsible for scheduling hours and reserving venues.

2)we will need a rate to charge for using each venue, for example reserving administration building would be available certain number of days for law enforcement to have classes not charging but if a class is being held and charges for attending then the law enforcement agency hosting would pay usage fees. The same would apply for all venues would have a charge for public usage. Like if someone wanted to rent the pavilion they would pay a fee.

3)with the design we have I think each could be used independently and I might not be explaining that well. If upper range were reserved for FBI to do training the other ranges would be open to public. If the old pistol range were reserved for handgun carry the others could be available.

4) your right I think WSCC Academy probably does a good job of clean up but not sure about law enforcement in general. I think most of time local law enforcement expects the inmates will be brought down for cleanup. That would be part of cost of "rental" for facility to insure clean-up cost covered.

ABSENT

TIM WHITE CALLED THE MEETING TO ORDER. FIRST ON THE AGENDA WAS TO READ OVER THE MINUTES OF NOVEMBER 28, 2016. GEORGE CLEMMER MADE A MOTION TO APPROVE THE MINUTES, SECONDED BY PAM CARPENTER, AND PASSED WITH UNANIMOUS APPROVAL.

TIM WHITE SAID NEXT ON THE AGENDA IS DISCUSSION ON INSTALLING PRIVATE WATER LINES ON COUNTY RIGHT OF WAY. UTILITY REPRESENTATIVES AT MEETING.

JONATHAN STEPP WITH OLD KNOX WATER.

JOHN WADDLE WITH NORTH GREENE UTILITY.

DAVID WEEMS EXPLAINED TO THE COMMITTEE THAT WE ARE RECEIVING MORE AND MORE CALLS FROM INDIVIDUALS WANTING TO INSTALL PRIVATE WATER LINES ON THE COUNTY RIGHT-OF-WAY. THE STATE LAW REQUIRES EVERYONE TO CALL 811 BEFORE YOU DIG. THESE LINES WILL NOT BE ON THE 811 LIST FOR ANYONE TO LOCATE. WHO WILL BE RESPONSIBLE FOR THE PRIVATE WATER LINES THAT HAVE BEEN INSTALLED ALONG THE COUNTY RIGHT-OF-WAY IF THEY ARE BROKEN WHILE WORK IS BEING PERFORMED ON THE COUNTY RIGHT-OF-WAY? WHO WILL BE RESPONSIBLE FOR THE WATER LOST AND REPAIRING THE PRIVATE WATER LINES? I SEE THIS BEING A CONCERN FOR THE HIGHWAY DEPARTMENT AND OR THE UTILITY COMPANY WHEN THEY ARE PERFORMING WORK ON THE ROAD OR RIGHT-OF-WAY.

JOHN WADDLE TOLD THE COMMITTEE THAT HE KNEW A PERSON THAT HAD THEIR FENCE AGAINST THE ROAD, AND THERE WAS NO WAY HE COULD INSTALL A WATER LINE ALONG THE ROAD. THE PROPERTY OWNER HAS A LAND GRANT ON THE PROPERTY AND THERE WAS NO RIGHT-OF-WAY ON THAT ROAD. THE PROPERTY CAME OUT INTO THE CENTER OF THE ROAD.

BUTCH PATTERSON ASKED DAVID, NOW IF THE PROPERTY IS SOLD, THEY HAVE TO GIVE A RIGHT-OF-WAY?

DAVID WEEMS SAID NO. IT DEPENDS ON HOW THEY LOT IT UP AS TO WHETHER THE PROPERTY WILL HAVE A RIGHT-OF-WAY OR NOT.

JOHN WADDLE SAID THAT NORTH GREENE UTILITY DOESN'T HAVE A LOT OF CAPITAL MONEY TO SPEND ON EXTENDING WATER LINES. NOW WHERE THE PROPERTIES ARE BEING DEVELOPED AND THE COST OF TAPS WILL COVER MY COST FOR EXTENDING WATER LINES. WHERE DAVID WEEMS SAYS IT COST HIM A THOUSAND TO PAVE A ROAD, IT WILL COST US TWO THOUSAND TO EXTEND A WATER LINE ALONG THE ROAD. PEOPLE ARE ASKING US TO EXTEND WATER LINES ALL THE TIME BUT WE CAN'T EXTEND LINES BECAUSE OF COST OF THE EXTENSION.

PAM CARPENTER ASKED JOHN WADDLE AND JONATHAN STEPP HOW MANY CUSTOMERS THEY EACH HAVE.

JOHN WADDLE SAID THEY HAVE ABOUT TWO THOUSAND CUSTOMERS.

JONATHAN STEPP SAID THEY HAD ABOUT THREE THOUSAND CUSTOMERS WITH 373 MILES OF ROAD.

PAM CARTENTER ASKED THE UTILITY COMPANY 'S GUYS IF THERE WERE ANY GRANTS THAT THEY COULD APPLY FOR; THAT WILL HELP YOU WITH THE COST OF INSTALLING NEW WATER LINES ALONG THE ROAD? GLEN HILLS UTILITY RECEIVED A GRANT NOT LONG AGO TO INSTALL WATER LINES.

JONATHAN STEPP SAID WE CAN APPLY FOR A GRANT. WE HAVE TO SEE WHAT INFORMATION THAT WE NEED TO PROVIDE FOR THE GRANT BEFORE WE CAN TURN THE APPLICATION BACK IN.

TIM WHITE SAID THAT BACK YEARS AGO HE HAD TO RUN HIS WATER LINE AND HE WENT THROUGH FIELDS TO GET WATER TO HIS PLACE.

JOHN WADDLE SAID PEOPLE CAN GO ACROSS FIELDS TO RUN WATER LINES BECAUSE IT WOULD BE A SHORTER DISTANCE TO RUN THE LINE.

ZAK NEAS ASKED DAVID WEEMS WHAT INFORMATION DO YOU HAVE TO GIVE 811 WHEN YOU WANT TO DO WORK ON THE RIGHT-OF-WAY?

DAVID WEEMS SAID THAT WE HAVE TO GIVE THEM THE ADDRESS OF WHERE THE WORK IS BEING DONE, JUST LIKE THE UTILITY COMPANIES DO.

ZAK NEAS SAID THAT WE NEED TO DO SOMETHING ABOUT THE PRIVATE WATER LINES INSTALLED ON THE COUNTY RIGHT-OF-WAY.

DAVID WEEMS SAID MARK, A GUY SITTING IN THE BACK OF THE ROOM, WAS HERE BECAUSE HE IS NEEDING TO INSTALL A WATER LINE TO HIS PROPERTY.

TIM WHITE ASKED MARK TO STATE HIS NAME AND WHAT HIS ISSUE IS WITH THE WATER LINE.

MARK BANNER SAID HE WAS LOOKING TO PURCHASE A PIECE OF PROPERTY AT 1407 MARTIN ROAD. HE SPOKE WITH CHUCKEY UTILITY TO PUT A WATER LINE IN TO THE PROPERTY. THEY TOLD HIM TO CALL DAVID WEEMS, AT THE HIGHWAY DEPARTMENT AND GET A PERMIT TO RUN HIS WATER LINE ALONG THE ROAD RIGHT-OF-WAY. KEVIN,

FROM THE HIGHWAY DEPARTMENT, CAME OUT TO LOOK AT THE ROAD WHERE THE WATER LINE WAS GOING TO BE RAN. KEVIN SAID THAT THE WATER LINE CAN'T BE PUT IN THE DITCH LINE. EVERYONE ON THE ROAD HAS A WELL FOR WATER. ONE SIDE OF THE ROAD HAS CITY WATER AND NO FIRE HYDRANT. AND NO HYDRANT IS A SAFETY ISSUE. HE CAN'T AFFORD TO CUT THE BANK OFF TO RUN THE WATER LINE.

TIM WHITE SAID THAT IN GREENE COUNTY, WE DON'T HAVE FIRE HYDRANTS IN THE RURAL AREA.

MARK BANNER SAID THAT THE WATER DEPARTMENT TOLD HIM THEY COULD HAVE THEIR ENGINEER TO COME OUT AND DRAW UP WATER LINE PLANS AND I WOULD HAVE TO PAY THEM UP FRONT TO DO THIS. THERE WAS A 100 ACRE FARM BEING SOLD INTO LOTS, WITH AT LEAST 3 PLACES GOING TO BUILD HOUSES ON THEM RIGHT NOW.

BUTCH PATTERSON SAID WHAT THE ULTIMATE GOAL SHOULD BE IS FOR EVERYONE TO BE WORKING TOGETHER, COUNTY ROAD DEPARTMENT AND THE UTILITY COMPANIES.

FRANK WADDELL ASKED HOW FAR AWAY IS THE LINE FOR HIS PROPERTY?

DAVID WEEMS SAID ABOUT 1200 FT TO REACH HIS PROPERTY.

TIM WHITE SAID WE NEED TO THINK HOW TO COME UP WITH A SOLUTION TO FIX THIS PROBLEM.

MARK BANNER THANKED EVERYONE FOR LISTENING TO HIM.

TIM WHITE ASKED THE GUY IN THE BACK OF THE ROOM TO TELL HIS NAME AND WHAT HE WAS HERE FOR.

DOUG ESSINGER. I WANT TO CLOSE SASSAFRASS LANE. MY DEED DOES NOT CALL MY DRIVEWAY A COUNTY ROAD AND I'M PAYING TAXES ON IT. THE PROPERTY ASSESSOR'S OFFICE SAYS IT IS NOT A COUNTY ROAD.

DAVID WEEMS SAID THAT SASSAFRASS LANE IS ON THE OFFICIAL ROAD LIST AND IT IS A COUNTY MAINTAINED ROAD. DEEDS ARE NOT ALWAYS WRITEN UP RIGHT CONCERNING ROADS AND WHETHER OR NOT THEY ARE COUNTY ROADS. WE HAVE AN OFFICIAL ROAD LIST THAT COUNTY COMMISSION APPROVES EVERY YEAR.

TIM WHITE TOLD MR ESSINGER THAT HE IS NOT THE ONLY PERSON THAT OWNS PROPERTY ON SASSAFRASS LANE AND WE CAN'T CLOSE A ROAD UNLESS ALL THE PROPERTY OWNERS AGREE AND SIGN A PETION TO CLOSE THE ROAD.

DOUG ESSINGER SAID THE MALONE'S HAVE A WAY TO THEIR BARN DOWN THE ROAD. THEY HAVEN'T COME DOWN THIS ROAD BUT ONE TIME SINCE I BOUGHT THE PROPERTY.

TIM WHITE SAID THERE IS NOTHING THAT WE CAN DO UNLESS ALL THE PROPERTY OWNERS SIGN TO CLOSE THE ROAD.

DOUG ESSINGER SAID SO I HAVE TO HIRE AN ATTORNEY TO SETTLE THIS?

TIM WHITE EXPLAINED THAT THE COMMITTEE CAN NOT DO ANYTHING UNTIL ALL THE PROPERTY OWNERS HAVE SIGNED TO HAVE THE ROAD CLOSED. SORRY.

FRANK WADDELL MADE A MOTION, SECONDED BY PAM CARPENTER, TO END THE MEETING, PASSED WITH UNANIMOUS APPROVAL.

The Chairman called the meeting to order, and asked if members had received the draft minutes of the May 8, 2018 meeting. A motion was made by Edwin Remine, seconded by Frank Waddell, to approve the minutes as written. The motion carried unanimously.

Alfred Franklin Replat. Michael Grigsby represented the proposal. The Planning Commission considered a request to grant preliminary and final approval to the Alfred Franklin Replat Subdivision for three lots containing 1.35 acres, located adjacent to Retriever Lane in the 23rd civil district. The proposal of the division of lots 3R and 1R was to be combined with adjoining property. Staff reported that lot 2R was a buildable lot and that all applicable signatures had been obtained. A motion was made by Gary Rector, seconded by Edwin Remine, to grant preliminary and final approval to the plat for reasons stated. The motion carried unanimously.

Faye Johnson. Tony Bowman represented the proposal. The Planning Commission considered a request to grant preliminary and final approval to the Faye Johnson Subdivision for one lot containing 0.94 acre, located adjacent to North Water Fork Road in the 22nd civil district. The proposal was to divide 0.94 acre from a 21 acre parcel. The remainder of the property was over five acres and met the required public street road frontage requirements of the applicable zoning regulations. Staff informed the commission that all applicable signatures had been obtained. A motion was made by Phillip Ottinger, seconded by Gary Rector, to grant preliminary and final approval to the plat for reasons stated. The motion carried unanimously.

Robert and Donna Carpenter Property (Permanent Easement). Daniel Coffey represented the proposal. The Planning Commission considered a request to approve a performance bond and final approval for a permanent easement (private street) to be constructed on the Robert and Donna Carpenter Property (tax map 070, parcel 050.01), located off Forrest View Lane in the 6th civil district. Staff reported that they had met with the Engineer Daniel Coffey at his office on June 8, 2018. Staff discussed with Mr. Coffey that the following items were still needed on the permanent easement. Staff requested constructions plans, contours, street grade, and temporary turnaround, Engineer certification of street, property owner's association agreement and maintenance agreement for the permanent easement, drainage certification, utilities, security of performance bond and 911. Mr. Coffey submitted at the meeting a permanent easement to Robert and Donna Carpenter Property. The plan showed the typical street

section, proposed temporary turnaround, contours, street grade, and letter from the highway department recommending the bond to be set at \$7500.00 for construction of the permanent easement. Contours was satisfied by the crowning of the street directing water to the ditch line. Mr. Coffey reported that the utilities had already been installed to the end of the street and the developer was installing water utilities into the property. Staff addressed the Commission regarding the issuance of a building permit to start construction. It was suggested that only one building permit be issued until the road is completed. The commission unanimously agreed for reasons stated. Staff informed the commission that in the past a 12 month bond would sometimes lapsed due to the construction of the road not being completed. Therefore, it was suggested to grant a variance to extend the bond to 18 months. The Planning Commission was advised that they could extend the time if they found that the public interest would not be adversely affected by such extension. The commission unanimously agreed for reasons stated. Director of 911, Jerry Bird was contacted by phone in regards to the name of the street. Mr. Bird requested if the street name could be the same. Staff discussed with the commission that if the street name was the same that the developer would need to install an end of county maintenance sign and a private street sign with the road name Forrest View Lane (Private Street). The commission unanimously agreed for reasons stated. A motion was made by Gwen Lilley, seconded by Phillip Ottinger, to approve the performance bond of \$7,500.00 and final approval for the permanent easement subject to the engineer certifying the street and drainage, a property owner's association agreement and maintenance agreement for the permanent easement being recorded in the office of Register Deeds and a variance to extend the bond to 18 months. The commission unanimously agreed for all reasons stated.

Administrative Minor Subdivision Plats. Staff informed the Planning Commission that the following plats had received administrative approval:

- Jack Southerland, 1 lot of 4.50 acres being added to map 088, parcel 048.00, located on Six Oaks Lane in the 14th civil district.
- Cooter and Weems, 1 lot of 0.07 acre being added to map 044, parcel 010.00, located on Old Baileyton Road in the 21st civil district.

- Replat of lot 5 of the O.K. Southerland Subdivision, 1 lot of 2.06 acres being added to map 028, parcel 067.02, located on Sugar Bowl Road in the 16th civil district.

A motion was made by Gary Rector, seconded by Edwin Remine, to accept the list. The motion carried unanimously.

Monthly Activity Report for the Building and Zoning Office. The Planning Commission received copies of the monthly activity report for Greene County Building/Planning/Zoning. A motion was made by Gary Rector, seconded by Edwin Remine, to accept the monthly report. The motion carried unanimously.

Other Business.

Larry Carter discussion:

Larry Carter at 6550 Whitehouse Road addressed the commission regarding the approval of the campground, Just Jump Inc. at the airport. Mr. Carter stated in his opinion, that the commission made a mistake by changing the requirements of combining the acres across the road. Mr. Carter stated that the owners should have known what the rules were before they decided on a business of this nature. Mr. Carter informed the commission that a road is a natural barrier between properties. Mr. Carter posed a question to the commission on whether or not they would allow residential use to join property across the road. Mr. Carter informed the commission that the septic tank should have been looked at. Building Official, Tim Tweed spoke and stated that TDEC had approved the lots for septic. Mr. Tweed spoke that the septic, water and site plan had been previously approved by the commission. Mr. Tweed spoke that the plat of property had went before the Town of Greeneville Planning Commission due to the subject property being in the Town's planning region. Mr. Tweed stated that the plat had been approved and recorded. Planning Commission member, Gwen Lilley spoke and questioned Mr. Carter on why he didn't come to the previous meetings when the campground of Just Jump Inc. was discussed. Mr. Carter replied that he didn't know about it. Mr. Carter stated that he had 33 acres that was close to the campground. Mr. Carter implied that the Planning Commission was doing favors. Mr. Tweed spoke that when the campground zoning violation was spotted that his department give the owners 10 days to move the campers off the property until the zoning requirements were met. Mr. Tweed spoke that the owner's complied with his request. Gwen Lilley spoke that Greene belt thru the Assessor of Property Office allows combination of land that crosses a road. Mr. Carter spoke of Greene County allowing a lease of land to allow a land field and look how that turned out. Mr. Carter spoke of enforcement needed on Babbs Mill Road and Whitehouse Road where no trucks are permitted. Mr. Carter's last words were that the commission should not allow owners to join property across the road.

There being no further business a motion was made by Edwin Remine, seconded by Frank Waddell, to adjourn the meeting. The motion passed unanimously. The meeting adjourned at 2:32 p.m.

Marketing to Millennials was the topic presented by the High Road Agency at the GCP's June 21st Lunch and Learn. Fifty-two individuals attended representing 27 businesses, municipalities, educational institutions, and non-profits. During the one-hour presentation, the group held a panel discussion diving into the thought process of one of the most complex generations. A special thank you to the

Greene County Partnership Agribusiness Committee's Annual June Dairy Days Celebration was held June 5th. The annual event pays homage to local dairy farmers.

High Road Agency for sharing your expertise.

Mark your calendar now for the August Membership Breakfast scheduled for Tuesday, August 14, at 7:30 a.m. at the General Morgan Inn and Conference Center. Tourism

The 2018 NJCAA Division III World Series was a success and encompassed two more days as initially planned. Due to a tropical storm, the World Series lasted a total of seven days as opposed to the planned five, but ended on a very exiting note. After beginning with a banquet that hosted 500 student athletes, coaches, families and volunteers, the 2018 World Series was played amidst Tropical Storm Alberto and ended in a 13 inning, five hour game on Friday June 1st with the Oakton Owls taking home the trophy. Hotels were packed, restaurants were filled to capacity, local attractions enjoyed a spike in visitation and our community as a whole enjoyed an economic impact of well over \$2M over the seven day event. The Sports Council of the Tourism Department would like to thank all the volunteers, sponsors and local businesses for the huge part they played in showcasing Greene County successfully. The Sports Council has the World Series for two more years and at that point,

FAMILIARIZATION TOUR

Tourism hosted a travel writer familiarization tour in June and hosted travel writer Joe Tennis from Blue Ridge Country. The writer fam began with a tour of the City Garage Car Museum, dinner at Old Oak Taproom, and overnight stay and brunch at The General Morgan Inn, a llama trek with Sandy Sagrillo with Wandering Llamas, lunch at Butcher's Block and the final piece of the fam puzzle fit into place with a tour of David Crockett Birthplace State Park. The story, to run in the fall edition of BRC, is just one of three that are planned to run on Greene County in the coming months. Tourism would like to thank all of our sites for donating their time and talents.

From the President

Retail recruitment is a vital part of any economic development organization. Companies that are looking to locate within your community will always have questions regarding quality of life and what goods and services can be provided to their company without having to travel very far. As we look forward to continuing to market our community we have taken several steps to begin an active and aggressive retail recruitment campaign.

The first effort is a community-wide retail recruitment committee. This committee is made up from stakeholders from Baileyton, Greene County, Greeneville, Mosheim, and Tusculum. It is this committee's goal to develop a plan and identify retail and restaurants that would be a good fit for the community. We will be meeting on a monthly basis and we will be sharing more information as we move forward.

As a second effort, we applied for and we were accepted into the TN Retail Academy. Fifteen other communities were accepted into this two year program from across the state. This academy will help us identify and catalog our current retail offerings, what additional retail we should focus on recruiting, and provide us with a large amount of data regarding retail efforts. Our journey into the Retail Academy begins in September. You can find out more about it here:

OLD BUSINESS

- TERMINATION AGREEMENT FOR THE GREENEVILLE –GREENE COUNTY AIRPORT AUTHORITY AND TRANSFER OF GREENE COUNTY, TENNESSEE'S INTEREST IN THE GREENEVILLE/GREENE COUNTY AIRPORT TO THE TOWN OF GREENEVILLE

County Attorney Roger Woolsey told the County Commission that the board had given he and Mayor Crum the authority to negotiate the ending of the joint venture and the transfer of the facility's assets to the new Greeneville Airport Authority.

The Town of Greeneville has agreed to assume the responsibility for the airport's obligation in regard to its grants and debt. The city wants the county to remain liable for the tort until the dissolution of the joint venture is final. County Attorney Woolsey stated he had some concerns about that, because we don't know what may come in the future. We don't know for certain that no other lawsuits may arise. He said as a partner in the joint venture the town would also be responsible in any legal action brought against the airport naming the county as a party.

Mayor Crum told the Commission that he and Roger Woolsey wanted to bring back the agreement to get direction of how to proceed to see if the Commission is agreeable to accept that legal liability. Roger Woolsey stated that the County's version of the agreement would have released the County from all obligations and responsibilities of the airport. The town introduced the change to include the County as a responsible party for any legal action brought prior to the dissolution of the joint venture.

After discussions concerning the joint venture with Airport Authority from several of the Commissioners, Mayor Crum called the Commissioners to take a 10 minute break.

After the break, the discussions continued among the Commissioners.

Commissioner White made a motion and seconded by Commissioner Clemmer to direct the County Mayor and the County Attorney to take the termination agreement back to the Town of Greeneville without the tort claim change, and also included, that if the Town of Greeneville will not accept it that way, the Commission will look at other options.

Mayor Crum called the Commissioners to vote on their keypads. The following vote was taken: Commissioners Arrowood, Burkey, Carpenter, Clemmer, Cobble, Collins, Jennings, McAmis, Miller, Parton, Randolph, Waddle, and White voted yes. Commissioners Kesterson, Neas, Patterson, and Peters voted no. Commissioners Quillen, Shelton, Tucker, and Waddell were absent. The vote was 13 – aye; 4 – nay; and 4 – absent. The motion to direct the County Mayor and the County Attorney to take the termination agreement back to the Town of Greeneville without the tort claim change, and also included, if the Town of Greeneville will not accept it that way, the Commission will look at other options passed.

March 12, 2018

Mayor W. T. Daniels
Town of Greenville
200 N college
Greenville, TN 37745

Dear Mayor Daniels,

A joint venture agreement pertaining to the Greenville-Greene County Airport Authority was signed on October 28, 2016 by Greene County Mayor David Crum, on November 1, 2016 by Town Administrator Todd Smith and November 2, 2016 by Airport Authority Chairwoman Janet Malone by authority granted by each respective organization.

Section 5 of the joint agreement provides for termination of the referenced agreement. Based upon action taken by the Greene County Legislative Body on October 16, 2017 a resolution to terminate the joint venture agreement for the Greenville-Greene County Airport authority and authorizing the transfer of Greene County interest to the Town of Greenville was approved by a vote of 16 aye; 4 nay and 1 absent (see enclosed copy). The resolution as adopted believes it to be in the best interest to transfer Greene County interest to the Town of Greenville. The provision being the Town assume assets, indebtedness and liabilities and hold Greene County harmless from additional responsibilities.

As conversations have occurred between Town Administrator Smith, myself and others individually and together regarding development of a board to replace the authority. The Town has not indicated by formal action of Board of Mayor and Alderman the intent to assume ownership April 16, 2018. To viably exist, it could be argued, the Airport Authority needs the supportive arm of a governmental entity for financial support.

I am asking the BMA to take formal action and notify me, as County Mayor, the intent to take over control of the airport by April 16 or a defined time frame or other alternative that may be open for discussion within the context of the joint agreement and resolution to dissolve.

Sincerely,

David Crum
Mayor

RESOLUTION A: A RESOLUTION AUTHORIZING SUZANNE COOK
AS COUNTY ATTORNEY PRO-TEM TO APPEAL FROM THE ORDERS OF
THE CHANCERY COURT ON THE SALARY SUIT FILED BY THE
CLERK & MASTER, KAY SOLOMON-ARMSTRONG

A motion was made by Commissioner Peters and seconded by Commissioner White
to recess for a closed session, to consult with Attorney Suzanne Cook.

**A RESOLUTION AUTHORIZING SUZANNE COOK AS
COUNTY ATTORNEY PRO-TEM TO APPEAL FROM THE ORDERS OF THE
CHANCERY COURT ON THE SALARY SUIT FILED BY THE CLERK &
MASTER, KAY SOLOMON-ARMSTRONG**

WHEREAS, the County Legislative Body has the authority to engage an attorney to serve as the County Attorney *pro tem* to represent Greene County where the County Attorney has a conflict; and

WHEREAS, after the County Attorney announced that he had a conflict, the appointment of a County Attorney *Pro-Tem* on August 21, 2017 was appropriate and necessary to represent Greene County in the defense of the salary suit filed by the Clerk & Master, Kay Solomon-Armstrong, and

WHEREAS, Suzanne S. Cook was appointed as County Attorney *Pro-Tem* to represent Greene County in the civil action styled Kay Solomon Armstrong v. Greene County; and

WHEREAS, after a great deal of discovery and trial preparation resulting in a four day trial before Chancellor John Rambo, hearing the case by interchange, the Court granted Ms. Armstrong only part of the relief she sought; and

WHEREAS, after considering the proof offered at trial in this matter including but not limited to the fact that Ms. Armstrong did not devote what a reasonable person would consider her full working day in fulfilling her duties as required by statute (1) by failing to report to her office at 8:00 a.m. (the time her office opens) to work at her office, she having arrived at her office late 87 out of 123 days for which there was video footage, (2) failing to be present to supervise her employees by being late to her office as noted above, (3) approving time sheets for employees that were not accurate, (4) and admitting that she closed the Clerk and Master's office "*to deter*" the public access and

services to the office every Wednesday and also closing her office for lunch on the remaining work days, it appears that it would be in the best interest of the tax paying citizens of this County to appeal the Chancellor's decision to grant Ms. Armstrong additional staffing, especially when one considers the volume or lack thereof of work that her office handles including the facts that (1) for two consecutive budget years, Ms. Armstrong failed to utilize all funds for part-time employees while her full time employees worked almost no overtime until after the lawsuit was filed, all the while as Ms. Armstrong claimed she was understaffed, (2) the fact that based on Chancellor Jenkins' own testimony, he only holds court in Greene County on the average of 18 hours per month, and (3) that the salary and benefits to compensate this new additional employee will be between \$30,000 and \$40,000 each year from this day forward which the taxpaying public must pay.

NOW, THEREFORE BE IT RESOLVED by the Greene County Legislative Body meeting in regular session on the 16th day of July, 2018, a quorum being present and a majority is voting in the affirmative that Suzanne Cook as County Attorney *Pro-Tem* is authorized and directed to appeal the Court's ruling in the above referenced salary suit brought by the Clerk and Master Kay Solomon-Armstrong.

Nolichucky Dam Gate Replacement Project

Greene County, Tennessee

The Tennessee Valley Authority (TVA) requests your comments on the draft environmental assessment (EA) on replacing the spillway gate on the Nolichucky Dam in Greene County, Tennessee. The Nolichucky Dam is a decommissioned hydroelectric facility owned and maintained by TVA. The dam was originally constructed in 1913 as a hydropower facility by the Tennessee Eastern Electric Company to provide power to the surrounding areas. TVA acquired the facility in 1945.

The Nolichucky Dam is a concrete, gravity overflow structure containing two primary water barrier structures – the non-overflow section and the spillway section. In 1972, a 25-foot-wide by 10-foot-high vertical lift gate was constructed in the overflow spillway to permit limited drawdowns of the reservoir. In 1995, the gate opening was sealed with a reinforced concrete bulkhead upstream of the gate. Electrical power and the gate motor were removed at that time.

Over time, sediment has built up on the upstream side of the dam. Along with replacing the gate, TVA is evaluating options to manage the sediment to support replacement of the gate including: dredging and removal of built up sediment on the upstream side of the dam coupled with land application of the dredged material on-site, or placement of small stone and rip-rap upstream of the dam in the reservoir and on shoreline to control sediment.

In the current condition, there is no active means of controlling the reservoir's water level. TVA is considering alternatives to replace the spillway gate to support management of reservoir levels and perform dam safety inspections or investigations within the spillway portion of the dam to support the operation and maintenance of the TVA Reservoir System.
