GREENE COUNTY 911 COMMITTEE MEETING

FEBRUARY 8, 2022

COURTHOUSE ANNEX

The 911 committee met on February 8, 2022. Present were commissioners: Hoot Bowers, Pam Carpenter, Robin Quillen, Teddy Lawing and John Waddle. Also present from 911 were: Jerry Bird, Kelly Dabbs, Chassidy Beals, Della Sue Fillers, Sarah Justis, Seth Spradlen and Jon Waddell. Also present was: Roger Woolsey, Ryan Holt, Heather Sipe, Calvin Hawkins, David Beverly, TJ Manis, Kevin Morrison, Erin Elmore, Steve Hixson, Ken Little, Todd Smith and Tim Ward.

There were no available minutes this month, we will approve two sets next month. John Waddle gave treasurers report. The bank balance is \$761,620.52. We are expecting two state payments next month.

Jerry Bird gave report on ID Networks conversion. When all is ready to go online, we will try to go at the same time as the jail system. Covid has caused some slower progress on some of the systems that we are waiting on to be able to start up. We can get power phone license for unlimited employees for \$2,500.00, which is the best deal.

Kelly has been out due to illness and we are a little behind on training, but we will get it done.

TBI is now making it mandatory for 911 to enter all orders of protection and warrants. This is a lot of work load added to an already full load to 18 dispatchers. Due to health issues, Seth is now resigning as our TAC officer. Pete Violette will be the go to person until we get a full time officer in that position.

Jerry would like to have raises for all supervisors. This was discussed in detail.

Heather Sipe, EMA director, gave events coming up during Severe Weather week. We need to encourage everyone to sign up for Hyper Reach weather alerts. Right now only 6,000 are signed up to receive them. EMA will be giving away 2 weather alert radios during that week.

Della Sue Fillers spoke to the committee regarding several issues that are a concern to 911 employees. She said that Seth would agree to be the full time TAC officer as long as he gets a raise. The data base is not updated. The data entries have doubled making the need to update a priority.

Jerry has received money from Mosheim, Tusculum and Baileyton for their portion of funding 911.

Respectfully submitted, (minutes taken by Pam Carpenter)

Robin Quillen

Greene County Commission Education Committee

4 January 2022

Regular Meeting

The Greene County Commission Education Committee met at 3:30 PM at the Greene County Schools Central Office for its regular January meeting.

Committee Members in Attendance: Chairman Bill Dabbs, Dale Tucker, Lloyd Bowers and Paul Burkey. Tim White was absent. Director David McLain was present as well.

Others in Attendance: Kayla Crawford, Dr. Ripley, Dr. Bowman, and Randy Wells

The Committee reviewed the minutes from the 30 Aug meeting. Mr. Bowers made the motion to accept the minutes. Mr. Tucker seconded. The motion to approve passed 4-0.

Mr. McLain and Ms. Crawford presented for approval and explained a resolution to allocate an \$15,898 funding increment from Save the Children to various funding lines for after school programs. Mr. Tucker moved to recommend approval. Mr. Bowers seconded. The motion passed 4-0.

Mr. McLain and Ms. Crawford presented for approval and explained a resolution to allocate new revenue from four different grants for four different projects. The total net revenue in the resolution totaled \$90,203. Mr. Bowers moved to recommend approval. Mr. Tucker seconded. The motion passed 4-0.

Mr. McLain and Ms. Crawford presented for approval and explained a resolution to allocate a \$124,703 Vocational Sparc grant acquired through the work of Dr. Bowman from funding ear-marked for distressed counties. Mr. Bowers moved to recommend approval. Mr. Burkey seconded. The motion passed 4-0.

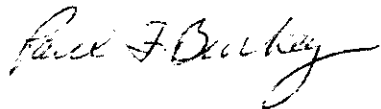

Mr. Wells explained a project for a 2025 sqft expansion of the Welding Shop at the Greene Technology Center (GTC). The expansion will increase the number of welding booths from 12 to 25 and allow both high school and adult (TCAT) welding students to work projects more efficiently (not having to take turns in the booths). This expansion was approved by the Greeneville-Greene County Joint School Board last fall. Mr. Wells is requesting a total of \$400,000 for the project, a third to be paid by the Town of Greeneville and two thirds to be paid by Greene County. After accounting for grants already received and Greeneville's share, Greene County would provide \$218,667.00. The Town of Greeneville has approved their portion contingent on the County approving its portion. After discussion, the Committee decided to take no action because we did not think the County Government could allocate funding directly to the GTC, which is part of the Education System. The resolution would need to come as a request from the School Board and the funding would have to be provided to them for further transfer to the GTC, if the School Board decided to do so.

Meeting adjourned.

The next Education Committee meeting will be at 3:30 PM on Monday, 1 February.

Respectfully submitted,

Paul Burkey
Secretary

G. A resolution to declare County owned property surplus, obsolete, or unusable pursuant to T.C.A. § 5-14-108. Solid Waste. Commissioner Quillen made a motion to approve Resolution G. It was seconded by Commissioner Waddle. Motions carried.

H. A resolution to approve the Home Grant assistance program administered by the Tennessee Housing Development Agency (THDA). Commissioner Waddle made a motion to approve Resolution H. It was seconded by Commissioner Quillen. Motions carried.

OTHER BUSINESS;

Greene County Health Department Director Matthew McConaughey told the Committee that the Health Department is receiving \$510,000 in ARPA money and that the grant needs 25 percent match from the County to receive the funds. This will need to go before the County Commission for their approval. The money will be used for building improvements, updated phone system, and remodeling the clinic area with a nursing hub. Plan is to have one room for patients and clients instead of moving several times. This will be compliant with HIPAA. Commissioner Quillen made a motion to move this forward and have a resolution drawn up to go before the Legislative Body for their consideration. The motion was seconded by Commissioner Burkey. Budget Director Lowery will write the resolution.

Next Meeting:

The next scheduled meeting for the Budget & Finance meeting will be Wednesday, March 2nd, at 1:00 P.M. in the conference room of the Greene County Annex building.

Adjourned at 1:45.

**Respectfully submitted,
Regina Nuckols
Budget & Finance Secretary**

Adoption of Agenda. The Chairman asked for a motion to adopt the agenda. A motion was made by David Crum, seconded by Robert Wilhoit, to adopt the agenda. The motion carried unanimously.

Approval of Minutes. The Chairman asked if members had received the draft minutes of the October 26, 2021, meeting. A motion was made by Bill Dabbs, seconded by Robert Wilhoit, to approve the minutes as written. The motion carried unanimously.

Swearing in of witnesses. Carol Stroup, and Tim Tweed, Greene County Building Official were sworn in.

777 Frank Roberts Road. The Board considered a request to decrease the front yard setback requirement for 777 Frank Roberts Road (tax parcel 113-100.01) 55' from the centerline of Frank Roberts Road to 33' feet and decreasing the side yard setback from 43' from the centerline of Union Chapel Road to 33'. Staff stated that the property owner wanted to remove an existing home on the property and construct a new house at the same location. The property is a lot of record with an existing structure, and setbacks estimated at 24' (front yard), and 17' (side yard), and a lot size of 0.25 acre. Existing zoning regulations requires 55' from centerline of road, or 30' from property line, whichever is greater, and a side yard of 43'. Minimum lot size of 0.50 acre. The location of the existing septic system and field lines limits where a new house can be located on the property. Also, finding an undisturbed area on the lot for a new system will be problematic, given the small size of the property (averaging 100' X 230') and the fact that it has already been developed. After discussion, a motion was made by Bill Dabbs, seconded by Robert Wilhoit, to

grant the variance request, as it met the three requirements in the *Zoning Resolution* for granting a variance:

1. The presence of an existing septic system, as well as difficulties in locating an undisturbed area for a new system, creates an exceptional situation or condition that would result in exceptional practical difficulties to or exceptional and undue hardship upon the owner of such property if the variance is not granted; and
2. Relief could be granted without substantial detriment to the public good and without substantially impairing the intent and purpose of the zoning resolution; and
3. Special circumstances are attached to the property which do not generally apply to other property in the neighborhood; and
4. The lot directly across Frank Roberts Road from the property contains a residential structure with a comparable front yard setback of 26'.

The motion carried unanimously.

There being no further business, a motion was made by Robert Wilhoit, seconded by Holly Brooks, to adjourn the meeting. The motion carried unanimously.

The meeting adjourned at 8:55 a.m.

The Chairman called the meeting to order and welcomed attendees. The Chairman asked if members had received the draft minutes of the January 11, 2022 meeting. A motion was made by Phillip Ottinger, seconded by Edwin Remine, to approve the minutes as written. The motion carried unanimously.

Links Meadow Phase 3 (Portion of 16 Properties). The Planning Commission reviewed and considered granting approval to the preliminary plat for Links Meadow Phase 3 (Portion of 16 Properties) for 18 lots on 13.07 acres with 0.20 miles of new road, to be located adjacent to Asheville Highway but accessed from Green Lawn Ave. in the 9th civil district. Staff stated that several variances to the *Greene County Subdivision Regulations* would have to be approved if the property were to be developed as proposed. These variances were to:

1. Article III. A. 7, to increase the grade of the new road from a maximum of 7% to 8% at two points, which was necessitated by the topography of the site, and well below the maximum permitted grade of 12%.
2. Article IV. A. 4. B, to increase the grade of roadside swales from a maximum of 7% to 8% at two points, which was necessitated by the topography of the site, and well below the maximum permitted grade of 12%. Staff noted that if the road grade was approved, the variance for the swale would also have to be approved.
3. Article IV. A. 5. F, to extend the maximum length of a cul-de-sac from 500' to approximately 1000'. Discussion ensued regarding how the *Subdivision Regulations* contradicted itself on maximum length of a cul-de-sac, but when there was a conflict in regulations, the most restrictive applied. Staff stated that unless the variance was approved, the proposed road

would have to intersect Asheville Hwy. at a point where there were sight distance concerns as well as a large drainage area. Preparing this area for construction would require an excessive amount of fill, remove the natural drainage area best suited for storm water control measures, and decrease the number of lots because of the location of the road and the loss of the existing drainage area. This would greatly increase the cost of the development. The justification for the variance was, as required by Article III. A. 13, the topography of the site.

4. Article IV. A. 5. f, to increase the number of lots on the cul-de-sac from 15, the maximum permitted, to 18. This was not an excessive request, as it would result in 18 lots over a 1000' road, instead of 15 lots over half the distance (500').

There was discussion concerning the road cross-section on the construction plans, which showed a 50' ROW and 20' pavement width. Staff stated that cul-de-sacs have minimum requirements of a 20' pavement width and 40' ROW, but that was for a road no more than 500' long. Because a variance to road length was being requested, the Planning Commission could set more stringent requirements than what was in the *Subdivision Regulations*. If desired, the Planning Commission could require a pavement width of 24', as the length of the road would be increased to 1000 ft., which made it more of a minor residential street than a 500' long cul-de-sac.

Discussion ensued concerning the variance requests, appropriateness of the proposed pavement width, and overall development of the site. A motion was made by Gwen Lilley, seconded by Edwin Remine, to grant the variances as requested based on the rationale that the topography of the site necessitated increasing the grade of the road and swales, as well as construction of a cul-de-sac in excess of the maximum permitted, and an increase in the maximum number of lots. Sight distance concerns were also a justification to approve an increase in the length of the proposed cul-de-sac, as well as the number of lots. The motion carried unanimously.

Redivision of Tracts 15 and 16 of the Clifford Reaves Property Subdivision. The Planning Commission reviewed and considered granting approval to the Redivision of Tracts 15 and 16 of the Clifford Reaves Property Subdivision for one lot totaling 1.30 acres, located adjacent to Sunnyview Road in the 24th civil district. Staff stated a Certificate of Completion had been submitted and signed by the property owner, but that the plat lacked a signature for the utility district and Greene County Highway Department. Amy Tweed recommended that the plat, which met all other applicable regulations, be approved subject to the addition of signatures. The justification for the recommendation, which was contrary to Planning Commission policy, was that she had been out of the office for much of the past few weeks due to a serious family illness and death, and was not as readily available as usual to oversee the department approval process. After discussion, a motion was made by Gwen Lilley, seconded by Lyle Parton, to grant approval to the plat subject to the addition of signatures by the utility district and Highway Department, given the justification provided by Ms. Tweed, as the plat met all other applicable requirements. The motion carried unanimously.

Replat of the Wexler Property (Jay Douglas Birdwell Property) Subdivision. This plat was removed from the agenda at the request of the property owner's representative.

Carl Ford Estate (Portion of the Marvin Road Property) Subdivision. This plat was removed from the agenda at the request of the property owner's representative.

Survey for Christopher Bailey and Sallie Bailey. The Planning Commission reviewed and considered granting approval to the Survey for Christopher Bailey and Sallie Bailey for one lot totaling 0.55 acres, located adjacent to Massengill Road North in the 25th civil district. Staff stated a Certificate of Completion had been submitted and signed, the plat had all required signatures, and met all applicable requirements. After discussion a motion was made by Gary Rector, seconded by Edwin Remine, to approve the plat as it met all applicable requirements. The motion carried unanimously.

Greene County Board of Education. The Planning Commission reviewed and considered granting approval to the Greene County Board of Education subdivision for one lot totaling 1.799 acres, located at the intersection of Greene Mountain Road and Camp Creek Road in the 22nd civil district. Staff stated a Certificate of Completion had been submitted and signed, the plat had all required signatures, and met all applicable requirements. After discussion a motion was made by Lyle Parton, seconded by Edwin Remine, to approve the plat as it met all applicable requirements. The motion carried unanimously.

Administrative minor subdivisions. The Planning Commission was informed the following subdivisions had been approved since the last meeting.

- Part of Charles L. Davis Property, Jr. Property, for two lots totaling 3.457 acres, to be located adjacent to Pitt Loop in the 17th civil district.
- Replat of Lots 11 and 12 of the Rex and Glenna Barnes Property, for one lot totaling 1.76 acres, located adjacent to Jim Fox Road in the 24th civil district.
- Subdivision plat for Jerry Ayers, for one lot totaling 2.48 acres, located adjacent to Chuckey Ruritan Road South in the 14th civil district.
- Subdivision Plat for Chambers and West, for one lot totaling 1.69 acres, located adjacent to Justice Road in the 16th civil district.
- Replat of the Lurline Bible Estate, Sec. 1 Lots 20 and 21R, for two lots totaling 1.11 acres, located adjacent to Raders Sidetrack Road in the 8th civil district.

A motion was made by Gary Rector, seconded by Lyle Parton, to accept the list. The motion carried unanimously.

Monthly activity report for Building/Zoning/Planning Office. Tim Tweed discussed the monthly department activity report. A motion was made by Gwen Lilley, seconded by Phillip Ottinger, to accept the report. The motion carried unanimously.

Other Business. Edwin Remine initiated a discussion concerning retention/detention basins which are not required by Greene County for all developments.

There being no further business, a motion was made by Edwin Remine, seconded by Lyle Parton, to adjourn. The motion carried unanimously. The meeting adjourned at 1:37 p.m.

RESOLUTION P: A RESOLUTION SUPPORTING BRIGHTRIDGE'S APPLICATION
FOR TENNESSEE DEPARTMENT OF ECONOMIC DEVELOPMENT
EMERGENCY BROADBAND GRANT 2022

A motion was made by Commissioner Quillen and seconded by Commissioner Carpenter to approve a Resolution supporting Brightridge's application for Tennessee Department of Economic Development Emergency Broadband Grant 2022.

Mayor Morrison explained that this Resolution will give out telecommunication companies a little bit of competition.

BrightRidge, through a Washington County utility, serves about 200 homes in the Fall Branch and Limestone communities of Greene County which the utility says are unserved with dependable internet access.

The local match funding from Greene County for the BrightRidge project, if granted, would be \$60,500 and would also come out of the county's American Rescue Plan funds. The project would cost about \$600,000 to complete.

Mayor Morrison called the Commissioners to vote on their keypads. The following vote was taken: Commissioners Arrowood, Bible, Bowers, Burkey, Carpenter, Clemmer, Cobble, Crawford, Dabbs, Kesterson, Kiker, Lawing, Musick, Parton, Peters, Quillen, Shelton, Tucker, Waddle, and White voted yes. Commissioner Powell was absent. The vote was 20 – aye; 0 – nay; and 1 – absent. The motion to approve the Resolution passed.
